CHILD  
SHOULD  
GROW UP  
HUNGRY.

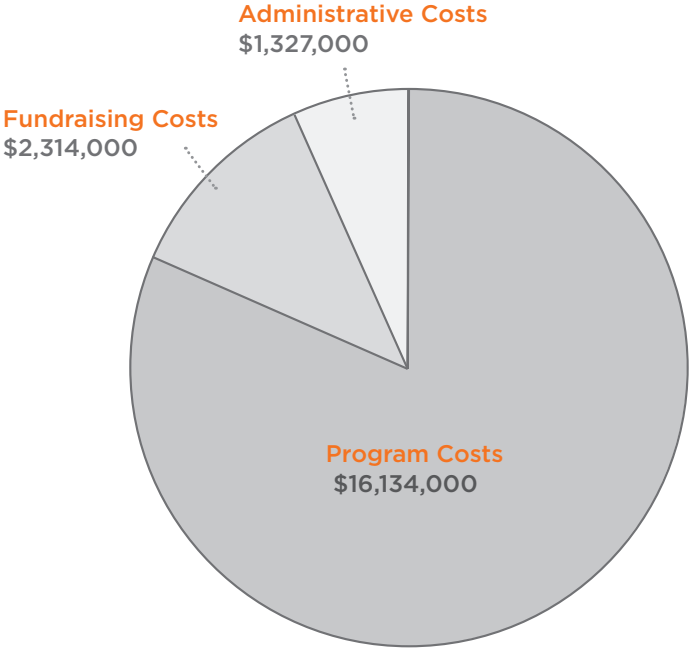

# Fiscal Year 2009 Financial Overview

Despite the severe economic downturn that began in fall 2008 and grew into the recession that continues in 2010, Share Our Strength had a strong year financially in 2009. While many nonprofits suffered losses and were forced to downsize, Share Our Strength's revenue and overall budget grew. Thanks to careful budgeting and a generous response to the growing number of hungry children in the United States from donors, partners, and other funders, Share Our Strength earned a surplus in 2009 following a loss in 2008, and was able to increase its revenue by 44 percent to \$20 million in 2009.
